## **World War II vets say they want auditorium preserved**

To The Editor:

The WW II Veterans of Meadowlark Hills would like to go on record in support of renovating and modernizing Peace Memorial Auditorium, its stage and balcony— instead of using it for government offices.

Peace Memorial Auditorium,

(commonly called City Hall) was built in 1955 in honor of our Riley County comrades-in-arms, 101 of whom lost their lives in WW II. We proudly stand and speak up for all 101 them. Some of their loved ones still reside in this area—we should not be opening up old wounds by tearing out the heart of this Memorial Auditorium. This community should Restore it,

**not Destroy it!**

When Peace Memorial Auditorium is restored to its original beauty, all of us old WW II Veterans will be honored and delighted come to the 60~ Anniversary Birthday Party—in 201511 I

This letter was signed by John Blythe and 16 other World War II Veterans living at Meadowlark Hills, 2121 Meadowlark Rd.
