

WE WOULD HONOR THESE HEROES:

The list of 101 Riley County War II dead as recorded below, was assembled and compiled by Legionnaire V. E. "Pete" Bates. Past Commander Pete has expended a vast amount of effort on this project which he voluntarily undertook, and it is believed the list is correct and complete. Pete also carried on the difficult detail of erection, compilation and painstaking maintenance of the huge honor roll panel of some 2600 service men, which occupied a community place of honor in the Kansas Power & Light Company window during the war years, and which has recently been replaced by a permanent panel in the court house. The Post and entire community owe Comrade Bates a tremendous debt for this truly prodigious task so well done.
